

MADE Student Visa Information

What is a Visa?

A visa is an official stamp or seal that the Italian consulate adds to the inside of your passport. A student visa certifies that you are allowed to spend more than 90 days studying in the Schengen zone. Your visa will be valid for a specific time period, typically in accordance with the start and end dates of your academic program.

In order to receive a student visa, you must submit a number of different documents and materials to the Italian consulate in your jurisdiction. The labor intensive process to compile your visa application materials and for your visa to be processed, approved, and returned to you can be time consuming. Make sure to research the process early and start as soon as possible. While MADE can help advise you about the student visa process, obtaining a visa is the responsibility of the student. .

Visa Process Steps

1. Complete all application requirements for MADE study abroad program AND all home university application requirements. This is imperative because you will need materials from MADE and your home institution for your visa application.
2. Identify which consulate is in your jurisdiction, typically using your permanent home address. Find your consulate here.
3. Make an appointment online within the time window mandated by your jurisdiction's consulate. (For example, applications at the Boston Italian Consulate cannot be submitted more than 90 days prior to the program start date.)
4. Gather the required visa materials and make extra copies of everything. It is far better to be over prepared than under prepared
5. Attend your visa appointment and submit all application materials, including original passport
6. Once you receive your visa, make copies and keep your passport in a secure place
7. When you arrive on-site in Sicily, you will need to secure an Italian Permit of Stay "permesso di soggiorno." The fee for the Permesso di Soggiorno is

approximately 130 Euro. MADE on-site staff can support you through this process.
